Winnipeg Entrepreneur eXchange (WEX)

The Winnipeg Entrepreneur Exchange, **WEX**, is a new organization conceived and established by a group of dedicated individuals who understand the issues of entrepreneurs of small and medium-sized businesses that operate in Manitoba, both as entrepreneurs and support providers.

WEX is proud to work with you, providing support for a more focused direction in your business, whether you own and operate it yourself, or for someone else. We understand how stressful and demanding a business can be and we want to remind you of the fun that you can have while achieving your business goals.

We have established six very important **Objectives** about which we will promote as our "mission" to our members.

- 1) To **foster an environment** which will promote business activities in Manitoba with Manitoba-owned businesses.
- 2) **Promote and facilitate** the creation of new businesses and expansion of existing small-to-medium sized businesses in Manitoba.
- 3) **Address challenges** at a provincial and federal government level on behalf of small business in Manitoba and to lobby government on issues relevant to Manitoba-owned businesses.
- 4) **Provide programs and events** that offer value to entrepreneurs and business supporters like education (professional and leadership development), mentorship (formal and informal), business networking (leads generation), and social activities (promote fun).
- 5) **Act as a hub for information** and resources associated to entrepreneurs.
- 6) **Promote entrepreneurship** as a vocation of choice with new graduates at secondary and post-secondary levels.

\$25 for an Individual Annual WEX Membership, join today!
